*The dictionary gives a very clear description of a rainbow and yet, if a rainbow has not been experienced, it is almost impossible to visualize what an arc of prismatic colors truly is.*

*Rain-bow, rān'bō, n. A bow or arc of prismatic colors, formed by the refraction and reflection of rays of light through drops of rain.*

*The experience of "Rainbow" is not limited to something visualized in a drop-let of water. All of us here at Dominican have formed our own rainbow. Each of us has become a hue, a graduation of color, vital to the formation and completion of our rainbow.*

*Where the rainbow forms is not known. Yet, somehow the colors and hues blend together and remain unified when the rainbow ends. Each of us complement and add to the rainbow. Each of us is vital for the "Living Rainbow."*

*Therefore the Yearbook Staff proudly presents:*

**AUBADE, 1981: RAINBOWS**

*Rainbows are visions, not only illusions*

*and rainbows have nothing to hide . . .*

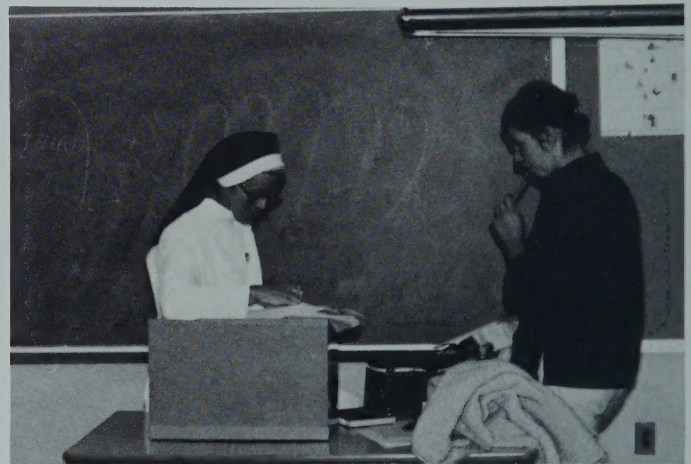

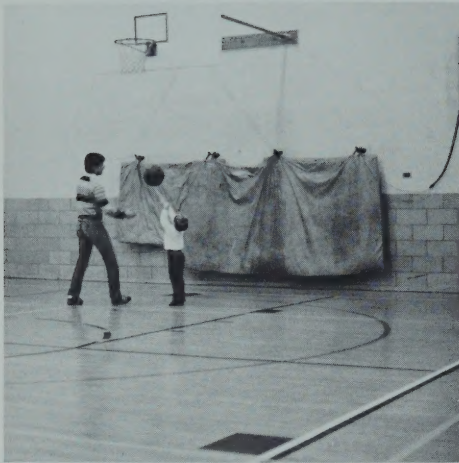

*Wishes are heard and wishes are answered*

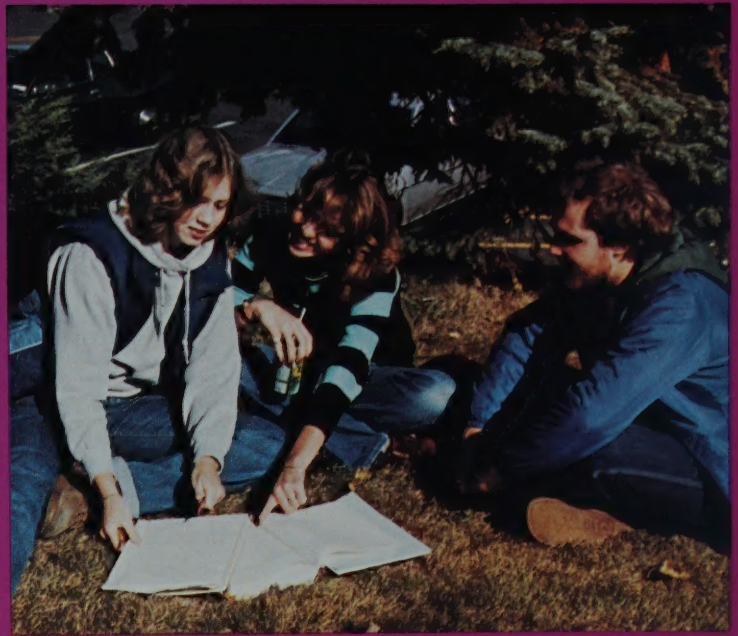

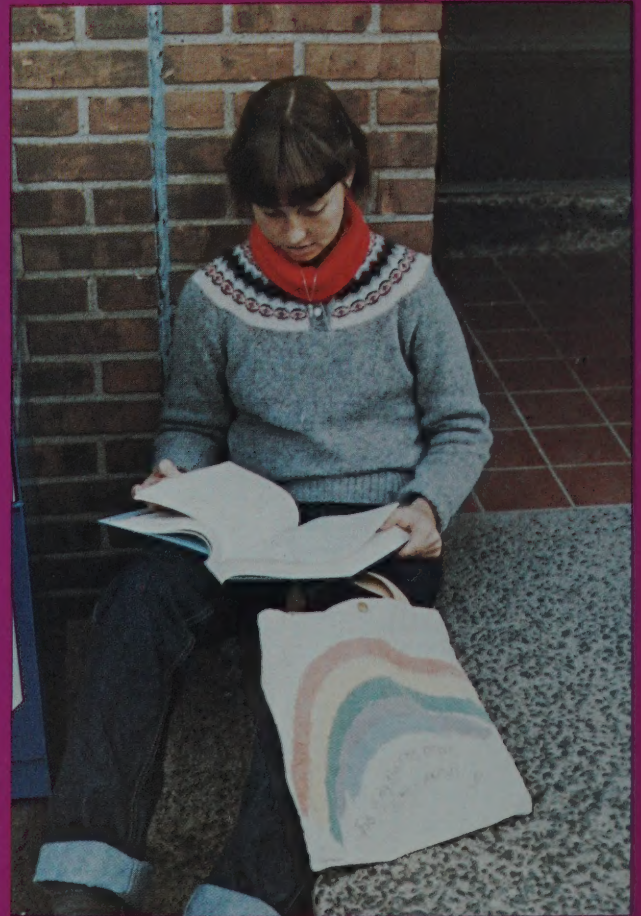

*when wished on the morning star.*

*What's so amazing  
that keeps us star gazing*

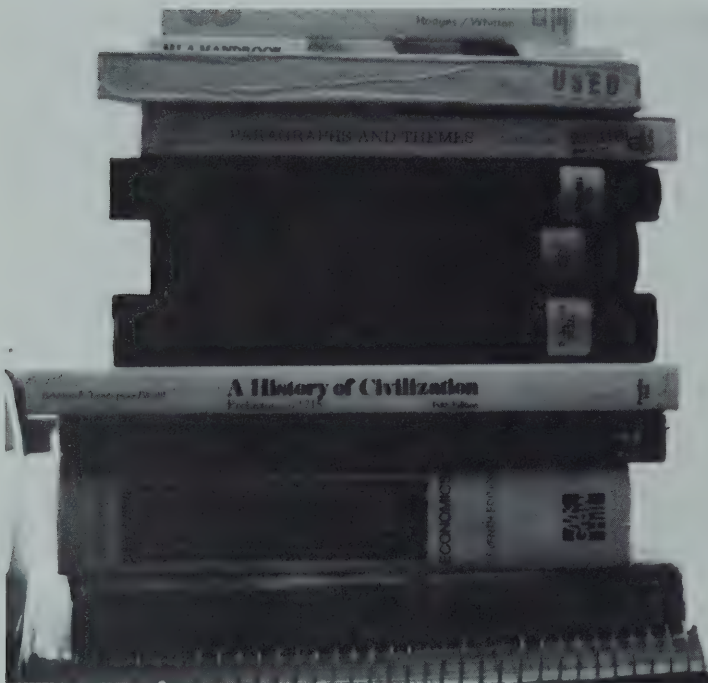

*and what do we think we might see . . .*

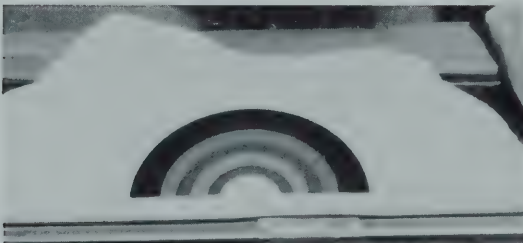

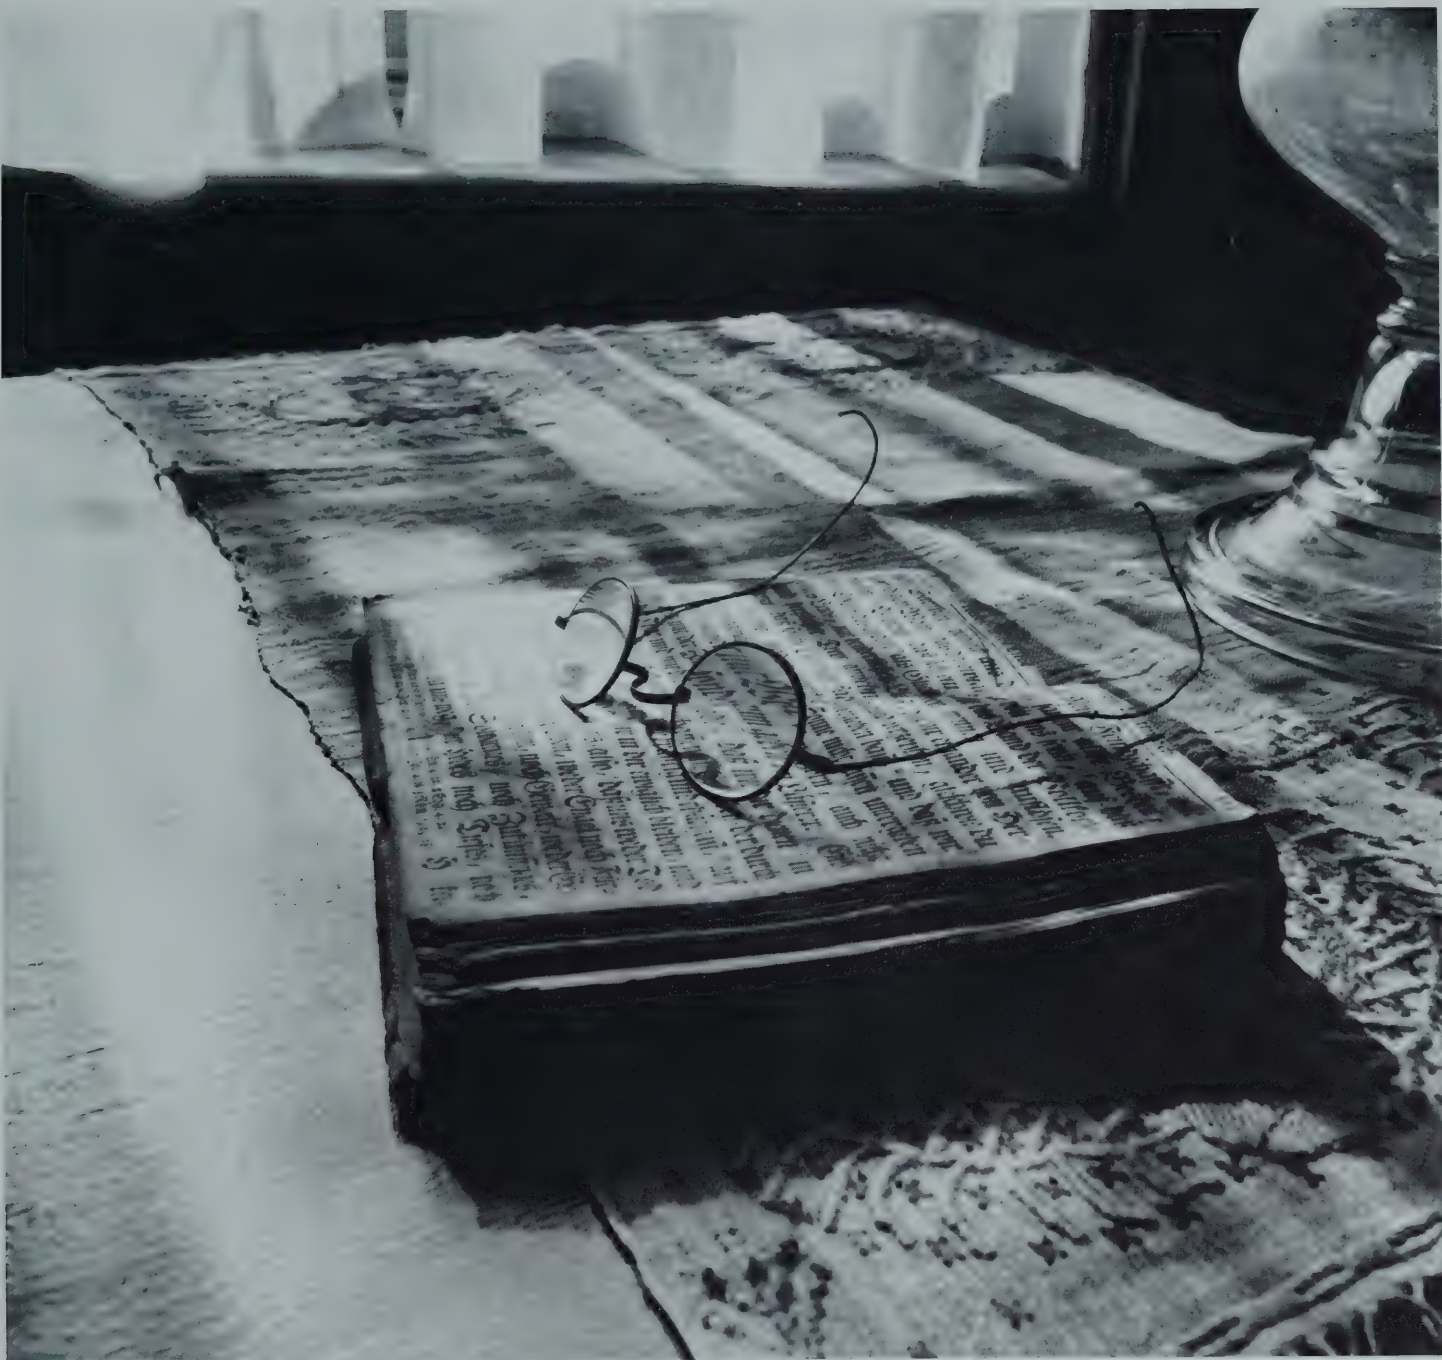

*Someday we'll find it*

*the Rainbow Connection*

*the lovers, the dreamers and me.*

*Have you been asleep and have you heard voices?*

*I've heard it calling my name.*

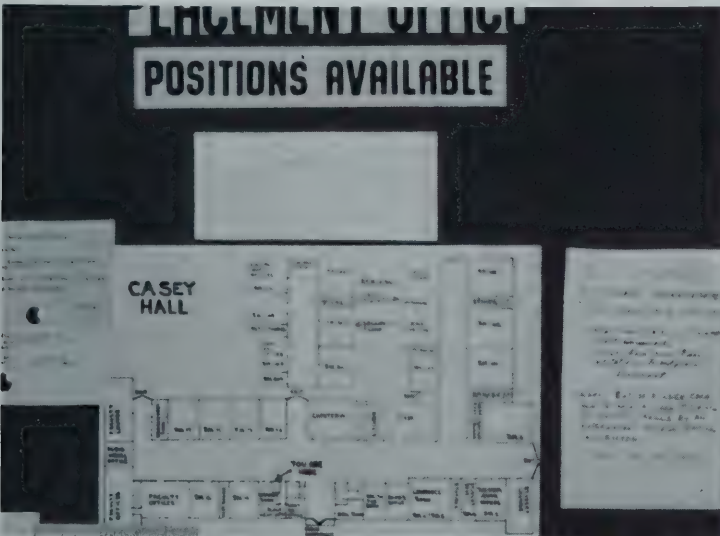

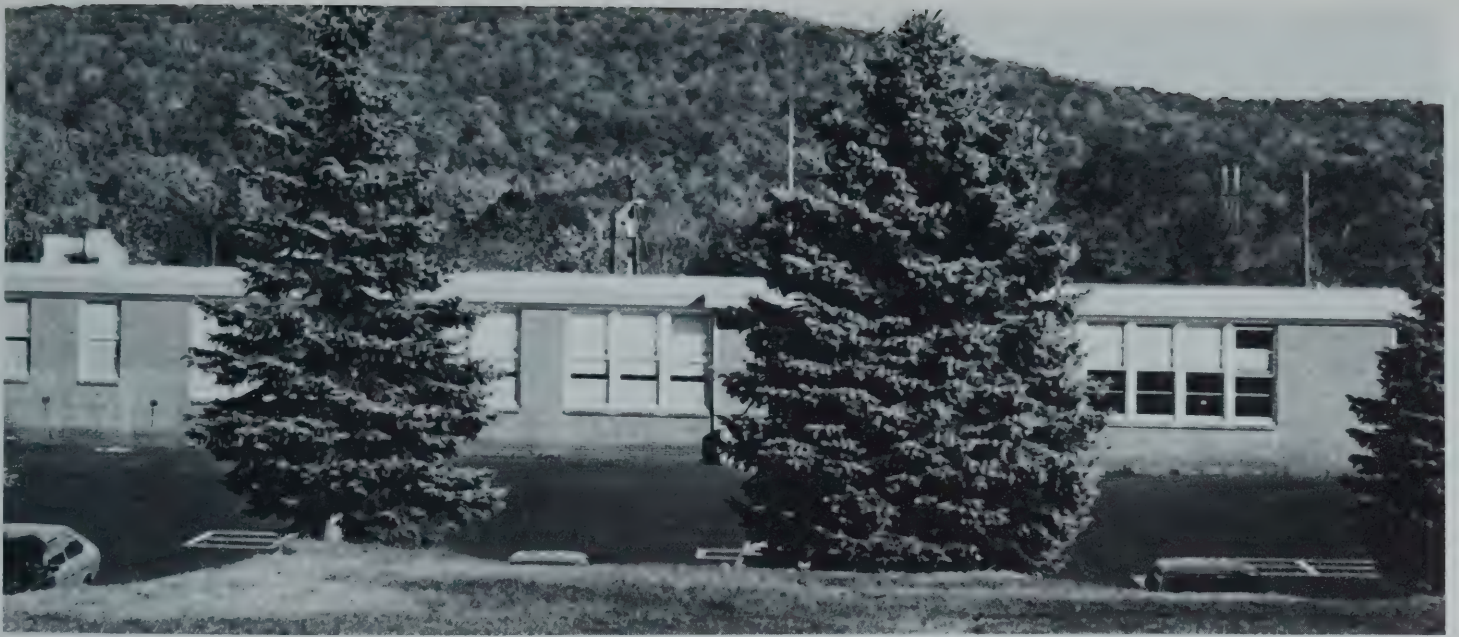

*Is this the sweet sound  
that calls the young student?*

*It might be one and the same.*

*I've heard it too many times to ignore it*

*it's something that I'm supposed  
to be.*

*Someday we'll find it  
the Rainbow Connection  
the lovers, the dreamers  
and me.*

## *DEDICATION*

*SR. MARY MC CORMICK, O.P.  
DIRECTOR OF TEACHER EDUCATION DIVISION*

*"Great teachers release the energy of their students to discover reality and pursue truth. This doesn't happen if the teacher isn't alive to life."*

*F. McLaughlin*

Yes, Sister Mary, in you we have seen so much — so much life. Your dedication to teaching has shown us how precious life is and how important one's life is, in aiding others. We thank you for the many gifts you have given us. Because of your dedication to life itself, we, the class of 1981, dedicate our yearbook to you.

An abstract graphic design featuring several concentric, curved lines that sweep across the lower half of the page. The lines are dark and have a slightly irregular, hand-drawn quality. They originate from the bottom left and curve towards the right, creating a sense of movement and depth. The background is a light, neutral color.

## ALMA MATER

To thee, Dominican College  
Our minds and hearts we raise,  
Your motto of truth we honor  
your lofty ideals praise,  
The bright torch of your teachings  
Illumines the path we trod  
Through thee, Dominican College  
We'll grow e'er nearer to our God.

The world today is a challenge  
To the minds and hearts you train  
Your counsel: "Give unto others —  
E'er faithful to truth remain."  
These maxims we will honor  
Though ever the way be hard.  
Through thee, Dominican College  
We'll grow e'er nearer to our God.

# STUDENT GOVERNMENT

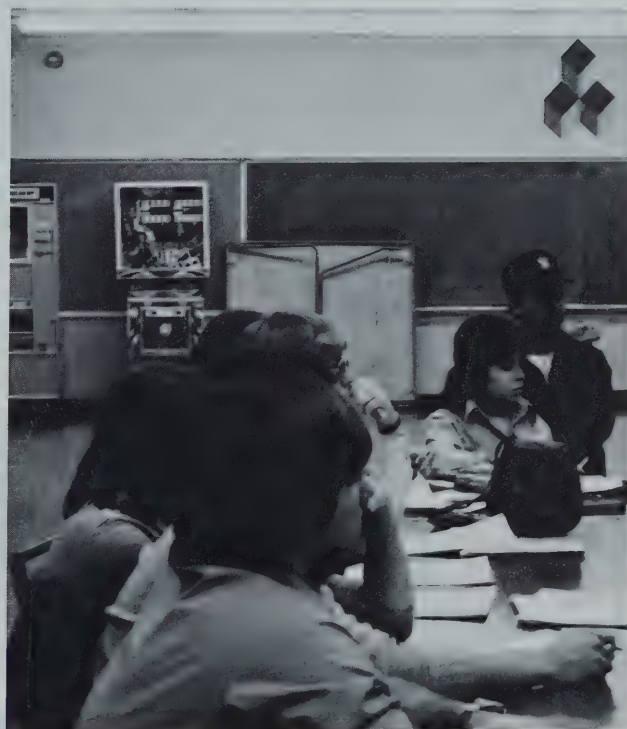

Officers: C. Laamanen, M. Hull, M.  
Traverso, J. McCarter

Student Government is the official representative of the student body. Its objectives include striving towards mutual cooperation and understanding among students, faculty, and administration. It approves charters for clubs and organizations within the school, and plans cultural and social activities for all to participate in. SG also tries to meet the varied needs and desires of the college and community population.

# SOCIAL WORK CLUB

A new thrust has been spearheaded in the Social Work Club this year with the addition of a new moderator, Christina Pratt. The purpose of the club is to broaden the dimension of the Social Work program by providing outside speakers as well making the student body aware of pertinent issues. The Club has sponsored a Social Work Service Auction, a wine tasting party and a jazz evening, a student rap group. In conjunction with National Social Work Month the club, in March, sponsored a political forum.

# SKI CLUB

This is the first year that DC has had a ski club. Our purpose is to bring both skiers and non skiers together with faculty members to enjoy the great sport of skiing. The Ski Club holds seminars dealing with basic ski skills and safety tips. In addition, we run ski trips along with a weekend full of fun. The officers are: Cindy Kelly — President; Marie Buckley — Vice President; Maureen Harding — Treasurer; and Colleen Gaggin — Secretary. Our club moderator is Mrs. Kathy Leach who is also a member of the National Ski Patrol.

# *FRESHMAN RECEPTION*

Each year the College Community hosts a Reception for the Freshman Class and their parents. It presents an opportunity to meet the faculty and administrators of the college and to enjoy a social afternoon together.

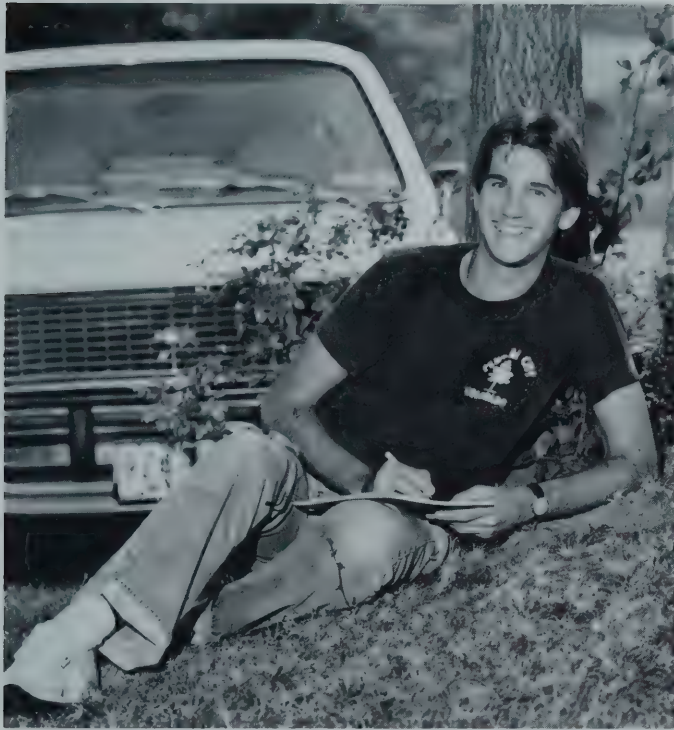

The Aubade, 1981 staff has attempted to produce a yearbook that is a true representation of the Dominican Community. We have tried to produce a book that will be a source of pride to all who own one. We thank all of those who have helped to make this dream a reality. To the faculty, who patiently allowed our photographers to take pictures of them. To the administration, who feel that Aubade is a worthwhile journal and thus allow it to be produced each year. To the students, who bought and sold boosters, hammed it up for the camera, and in every way supported yearbook. And most especially to Sr. Barbara, whose dedication, patience, and caring has made all the difference. We thank you all.

## What Do You Want From College?

**Management Experience?  
Add It To Your Schedule.**

College military science courses are courses in leadership development. You learn techniques involved in the management of resources. Techniques that are applicable to any management job. Another important leadership characteristic is interpersonal relationships. Things are accomplished by people and the kind of relationship established goes a long way in determining your success as a leader. Whether you intend to become a manager in a military or civilian career, Army ROTC can give you a competitive edge.

Don't wait until after college to get practical management experience. Add leadership to your class schedule now.
